Direct from Elcho Island, Djuki Mala (Djuki meaning ‘Chooky’ with a Yolngu accent and Mala meaning ‘mob’) perform a high-energy and stunning fusion of traditional Indigenous culture, contemporary dance and storytelling.

Since their 2007 clip of ‘Zorba the Greek’ went viral, they’ve been consistently thrilling audiences with reinterpretations of popular culture and traditional dances in a way that juxtaposes contemporary Yolngu culture.

The show tells the genesis of Djuki Mala, formerly known as The Chooky Dancers, interspersed with multimedia and gives audiences the opportunity to experience some of the more intimate moments and turning points that have shaped them, in a show that is a marvel of timing, comedy and clowning, with a hefty dose of heart and soul.
HISTORY

The Chooky Dancers achieved overnight success when Frank Djirrimbilpilwuy uploaded a video clip of the group dancing to “Zorba the Greek” on YouTube in October 2007. Within twelve weeks it had peaked at over 500,000 hits worldwide and to date it stands at over 2.5 million views.

The dance was initially developed by Lionel Dulmanawuy, Frank’s youngest son. It was created as a thank you to a very good Greek friend name Liliane who was the main carer of his sister, Priscilla.

The funny dancing and comedic element of their performance also has its origins in their community, explains Lionel. “It’s a tradition in a young boy’s initiation ceremony. You make up funny dances and do them at the ceremony to make it more of a fun day for the young boy. Zorba the Greek is an extension of that.”

Since 2007 they have created a number of shows combining their re-interpretations of popular culture and dance with narrative and drama. The work reflects the juxtapositions they see in contemporary Yolngu culture, and offers a rare and insightful view into Aboriginal Australia. The Chooky Dancers were invited to perform their hit in Greece by the descendants and creator of the movie, Zorba the Greek.

With a busy touring schedule, they have performed to ecstatic crowds in China, the Solomon Islands, Canada, Sydney Festival, Sydney Opera House, Melbourne International Comedy Festival, Perth and Adelaide Fringe Festivals, Ten Days on the Island and in 2016 toured through Europe and the Middle East as part of a DFAT (Department of Foreign Affairs &
& Trade) Cultural Diplomacy program - highlights of the tour included performances in Tel Aviv, at the Cairo Opera House, El Madina Theatre in Lebanon and performing to a Greek speaking audience in Cyprus.

In 2013, The Chooky Dancers announced that the group would be going by their Indigenous name: Djuki Mala. Djuki is the adopted word for ‘chook’ and ‘Mala’ means a group or set of people who share a common feature. Following the name change preparations for an eponymous tour began.

After months of preparation, much of the self-titled 2nd major production was built on Elcho Island in early 2014, in a cramped training centre with low-slung fans and a fridge door that doubled as a change room. The show opened to standing ovations at the Darwin Entertainment Centre in late February that year before heading off down the track on a tour of the eastern and southern states.

Always exuberant and blending their contemporary experience as a young people with their traditional culture, their identity as Yolngu people is always in the foreground.

Dressed in traditional costumes and ochre, with Gara (spears) & Galpu (spear thrower) they create work that is a marvel of timing, comedy and clowning, warming both the heart and soul. Behind the humour is startling movement, skill and discipline, drawn from traditional culture and dance.

The style of dancing and comedic element of their performance has its origins in Yolngu culture as much as the traditional dance. Clowning within Yolngu Culture has been around longer than many of the traditional dances themselves. It is from this that Djuki Mala’s natural flare for comedy has emerged.

The Australia Times
“Cheeky, fun and feel-good...”
*Sydney Morning Herald*

“The Djuiki Mala style blends traditional dance with modern influences, in what seems like a reflection of life in Galiwin’ku Community. Just as mobile phones co-exist with Yolgnu languages, the joyful pop references in Djuiki Mala are an embodiment of a living culture. Playful and warm, charming and informative, Djuiki Mala is like a family-friendly diplomatic envoy, sharing hope and knowledge from north-east Arnhem Land.”
*Sydney Morning Herald*

“Djuiki Mala present more to the audience than one could imagine possible...”
*Herald Sun*

“A vibrant celebration of ingenuity and energy...”
*The Age*

“Energetic, hilarious, ground-breaking!”
*Beat Magazine*

“The Chooky Dancers threatened to upstage everything in sight...”
*Real Time*

“They had a tale to tell about a journey that began way back before time. The story of when their culture, which more recently has seen the edges of extinction, existed whole and unharmed. In bare feet, loin cloth and ceremonial white paint, their language is movement. At times fierce and at times menacing, they float through space and time. They clearly respect their ancestors’ spirits and are moved by the stories that created them.”
*Aussie Theatre*

“...a marvel of timing, comedy and clowning, warming both the heart and soul...”
